LANGUAGES

Spanish

Native or Bilingual

Enthusiastic Full Stack Web Developer with a diverse background in music, acting, customer service, and fitness. Proven ability to lead and communicate effectively. Recognized by peers for dynamic energy and an exceptional eye for detail.

PROJECTS/EXPERIENCE

August 2023 - Current

Budget Babe Full Stack React Native App

Spearheaded the end-to-end development of a user-centric budget management app using React Native, featuring user registration, financial summaries, income/expense tracking, budget management, savings goals, and a streamlined SendGrid password reset interface. Employed MongoDB for data storage, GraphQL for optimized queries, and Apollo Client for data management, ensuring a seamless user experience. Implemented Universal UI with Native Base and web interface design using React Bootstrap.

November 2023 - December 2023

Junior Web Developer Sabio Systems, Albuquerque, NM

As a Jr. Web Developer at Albuquerque Public School System (APS) and Sabio Systems, I spearheaded the seamless migration of content between legacy and new Content Management Systems, showcasing proficiency in HTML, CSS, and project management. With a track record of exceeding SOPs and deadlines, I collaborated with a developer team, demonstrating effective time management and maintaining content accuracy. My expertise in Google Workspace and Adobe CC Apps enhanced accessibility compliance with WCAG, and I optimized APS web content through alt text updates for improved SEO. Crafting landing pages within the CMS, aligned with style guidelines, further contributed to a refined online presence. I offered a proven blend of technical acumen, project leadership, and a commitment to accessibility and SEO optimization.

August 2023 - Current

Full Stack Web Developer Freelance

As a versatile freelance Full Stack Web Developer, I took on a spectrum of projects catering to musicians, wellness companies, and rocket engineers. My focus encompassed the development of robust web applications utilizing React and Web APIs, ensuring optimal user experiences and streamlined data management. Collaborating closely with clients, I meticulously understood their distinct needs and delivered customized solutions that consistently exceeded expectations. Through my proficiency in web development technologies, particularly React, and a steadfast commitment to quality, I consistently achieved high levels of client satisfaction, contributing to the overall success of each project.

August 2023 - November 2023

Technical Support Analyst Innova Solutions, Albuquerque, NM

As a Technical Support Analyst at Innova Solutions, I actively contributed to a critical project in collaboration with UnitedHealth Group and Optum, assisting in the migration of their network infrastructure. My role involved utilizing my technical proficiency to swiftly identify and address challenges, guaranteeing uninterrupted operations during the migration process. I played a central role in problem-solving and fostering synergy among cross-functional teams, ultimately contributing to the successful execution of the network migration initiative for both Innova Solutions and its partners at UnitedHealth Group and Optum.

EDUCATION

August 2023

Full Stack Web Development Bootcamp Certificate

University of Denver, Denver, CO

A 12-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Node.js, MySQL, MongoDB, Express, and ReactJS.

- 4.0 GPA

September 2023

Certificate Advanced React

Meta

This certificate from Meta attests to my expertise in advanced React development. It signifies proficiency in component-based design, state management, routing, optimization, testing, and real-time updates, demonstrating a deep understanding of React and its ecosystem.
